The 6th edition of our “*La gestion des ressources humaines*”, (with Prof. Tania Saba) in French (Published by Pearson-ERPI), has been just released.

<https://www.pearsonerpi.com/fr/collegial-universitaire/gestion-rh/la-gestion-des-ressources-humaines-6e-ed>. The book dominates the French speaking universities in Canada as well as in other continents.

Se basant sur des sources d'aujourd'hui, le manuel propose de toutes nouvelles rubriques avec de nouveaux exemples ainsi que des objectifs pédagogiques qui permettent de mieux guider les étudiants dans leurs apprentissages. Une attention particulière a été apportée aux études de cas, outil primordial fortement utilisé en classe par les professeurs. En tout, le manuel en compte 17, soit une pour chaque chapitre. Aussi très chères aux professeurs, les questions d'analyse ont été modifiées et réintégrées au manuel. De plus, chacun des chapitres comprend maintenant des résumés visuels, des encadrés "à retenir" ainsi que de nombreux graphiques pour aider l'étudiant à mieux visualiser l'information.

While this third edition is still going strong, along with my partners Prof. Ramón Valle Cabrera and Alvaro Lopez, we are preparing the next edition to be released soon. As previously, the 4th edition of the book will be published by McGraw Hill company. The third ed. is one of the most popular books in the Iberoamerican peninsula as well as in many countries in Latin America.
